VI. CURRICULUM/PROGRAM

A. Semi Program Waiver

Whereas, NJAC 6A:23A-5.3(b) 1 provides that a school district may request a waiver of compliance with respect to the district’s participation in the Special Education Medicaid Initiative (SEMI) Program for the 2018-2019 school year, and

Whereas, the Fairfield Board of Education desires to apply for this waiver due to the fact that it projects Fairfield will not meet the minimum number of Medicaid eligible classified students,

Now Therefore Be It Resolved, that the Fairfield Board of Education hereby authorizes the Chief School Administrator to submit to the Executive County Superintendent of Schools, in the County of Essex an appropriate waiver of the requirements of NJAC 6A:23A-5.3(b)1 for the 2018-2019 school year.

Recommended Motion: that the Board of Education, upon the recommendation of the Superintendent, approve the addition of the Caldwell Movie Theater to our list of accepted Field Trip destinations, effective for the 2017-2018 school year.

E. GOOD NEWS IN OUR SCHOOLS

Churchill School

- Mr. Verrengia introduced fourth grade students to a new online program called ST Math. ST Math games provide rich, interactive representations of mathematical topics that align to all state standards. ST Math guides every student through a unique path of rigorous learning with the help of Jiji the penguin. Graphically rich visual math puzzles can be used to enhance any core curriculum. Students are enjoying this program, traveling through different skills, which are represented by areas around the world with Jiji the Penguin.
- The fifth graders are doing an amazing job connecting what they learned about representations in Social Studies, and Scale Models in Art and Science, and applying it to transfiguration enrichment activities on Coordinate Grids in Mathematics!
- Good citizenship has been on full display in sixth grade! When one of the students told the class that she would be moving very soon, the students rallied together to make her last days at Churchill very special. They decorated her locker, sent her kind notes, and made her a card from the grade-level. Sixth grade students recently finished reading "Wonder" by R.J. Palacio. Throughout the course of the unit, they read and analyzed the story, participated in discussions, and created a final "Book in a Bottle" project.
- The NJEA Review asked, "Are your students college - ready?" NJEA and Rutgers Athletics are encouraging elementary school students to think about college and careers early. Mrs. Hessenius and Mrs. Mayer submitted an entry with the details of what they had planned for Career Day. One school in NJ was chosen as the winner and it was Churchill School! Churchill students enjoyed a pep rally on February 2, with Rutgers student-athletes and the Scarlet Knight mascot. Rutgers also gave us 50 tickets to a Rutgers basketball game, which will be raffled off to students.
- The Churchill and Stevenson Art Clubs have been busy at work! Third grade students at Stevenson are busy painting a mural on the walls of the second grade hallway. They are also creating a large paper mural based on a painting done by Henri Matisse. Meanwhile, the students at Churchill have been busy beautifying their school as well. Sixth graders are painting a large mural on the hallway wall on the way to our main gymnasium, and some other artists are creating "mini-murals" with positive messages throughout the sixth

grade wing. In addition, the fourth and fifth grade Art Club members are painting ceiling tiles with positive messages that will adorn the main entrance of Churchill School. All murals should be available to view in the upcoming weeks. We look forward to our school community enjoying our efforts to make both schools bright, cheerful, and pretty places to learn!

- The staff and students of Churchill School participated in "TEACHER-FOR-A DAY" on Thursday, February 1. Students had the opportunity to "become the teacher" and worked cooperatively with staff members to create a productive and exciting day. It was a wonderful experience for everyone involved, and the Student Council would like to thank the staff and students who participated this year.

Stevenson School

- Kindergarten participated in Valentines for Veterans. The students made Valentines to be distributed at the VA hospitals in New Jersey. They loved it!!
- The new science program is still a favorite among the first graders. They enjoyed exploring how sound waves travel using cup and string telephones. They have also completed a gingerbread narrative with a personal twist.
- Second grade is researching and presenting reports on famous African Americans. They will be writing an opinion piece based on the most influential African American in the United States. The students have been studying George Washington Carver, MLK Jr., and Ruby Bridges. They will wrap up the unit by watching the story of Ruby Bridges. They have been observing plants in Science and continue to work on their first Research Simulation Task (RST) on National Parks and wrapping up an informational text on Theodore Roosevelt.
- The pace of instruction is really picking up in third grade! Students have been busy writing Literary Analysis Tasks in Language Arts, reading a handful of informational articles, working in groups to study maps and weather, and have been excelling in learning new math strategies. Although students have been busy, there is always time for them to reach out to their community. With Valentine's Day right around the corner, the students took to their creative sides and made beautiful Valentine's Day cards for our Veterans. In third grade, they understand the sacrifices that have been made by our military men and women and there was nothing but smiles when we got some time to honor our heroes! Happy Valentine's Day to our Vets!
- 3rd grade H.E.P. students are honing their math skills by playing "Challenge 24," which enables students to use the order of operations to find a solution of 24. Students have been working hard to master the game!
